CERTIFICATE

N-ANTI IB

BENEFITS

Boosts both humoral and cell-mediated immunity for stronger disease resistance

Enhances vaccine effectiveness in poultry.

Protects against infectious bronchitis caused by avian coronavirus.

Prevents respiratory diseases like CRD,air sacculitis,sinusitis,and fowl cholera ensuring healthier flocks.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Nano Iodine	50.000 mg
Oregano Extract	90.000 mg
Eucalyptus Oil	100.000 mg
Mint Extract	100.000 mg
Curcumin Extract	20.000 mg
Capsicum extract	15.000 mg
Ginger extract	15.000 mg

1 L × 12

SUPER ANTI-VIRAL

BENEFITS

Respiratory comfort & hygiene: Oregano, thyme (carvacrol/thymol), peppermint, eucalyptus, cinnamon and capsicum essential oils help suppress harmful microbes in the upper gut/respiratory tract and ease breathing during challenges.

Stronger innate immunity: Vitamins A, D₃, E, C plus zinc support mucosal barriers, antibody response and antioxidant defenses.

Lower pathogen pressure in water/gut: Formic, citric and acetic acids acidify drinking water and the crop, reducing survival of E. coli/Salmonella and improving waterline hygiene.

Better digestion & feed use: Essential oils stimulate appetite and enzyme secretion; acids aid protein/mineral utilization.

Antioxidant & recovery support: Vitamins E/C and plant phenolics help limit oxidative stress after vaccination, heat stress or disease pressure.

Gut integrity: MOS/ β -glucan-like actions from oregano/thyme/cinnamon botanicals can reduce pathogen attachment and support villi health.

Electrolyte/mineral balance & skin/foot health: Zinc sulphate supports epithelial integrity and wound healing.

Liver/osmotic support & palatability: Sorbitol provides quick energy, improves taste and supports bile flow; useful during recovery.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Oregano Vulgaris	75.000 mg
Thymus Vulgaris	75.000 mg
Cinamon	75.000 mg
Capsicum annum	75.000 mg
Mentha piperita	75.000 mg
Eucalyptus	75.000 mg
Lectin	75.000 mg
Vitamin A	25.000 IU
Vitamin D3	2.500 IU
Vitamin E	5.000 IU
Vitamin B12	2.000 IU
Vitamin C	10.000 mg
Zinc sulphate	20.000 mg
Formic acid	10.000 mg
Citric acid	20.000 mg
Acetic acid	10.000 mg
Sorbitol	75.000 mg

1 L × 12

NUTRATOX

BENEFITS

Salmonellosis & Colibacillosis: Use probiotics, organic acids, and antibacterial agents.

Liver Protection: Add mycotoxin binders and liver support like milk thistle and choline.

Kidney Health: Supplement with electrolytes, amino acids, and minerals.

Oral Lesions & Stress: Use anti-inflammatory compounds and adaptogens to reduce stress.

Growth & Performance: Improve feed conversion with high-quality proteins and enzymes.

Immunity Boosting: Use immunomodulators like beta-glucans, nucleotides, and vitamins.

Ascites Prevention: Control sodium, water intake, and ensure proper ventilation.

These strategies enhance health, performance, and immunity in animals.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

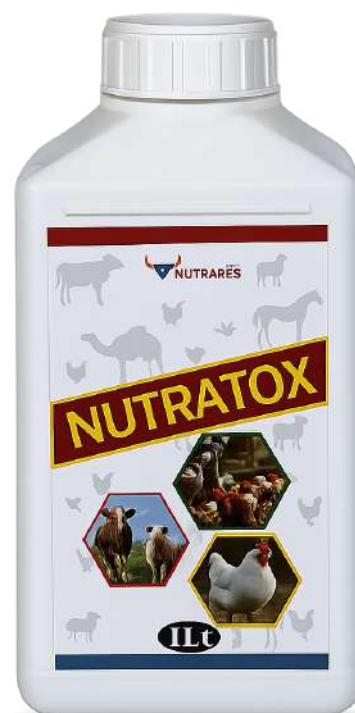

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Saccharomyces Cerevisiae	3.000 mg
Yeast	2.500 mg
Yucca Extract	2.000 mg
Beta Gulcan	500 mg
Lactic Acid	10.000 mg
Citric Acid	10.000 mg
Formic Acid	10.000 mg
Acetic Acid	5.000 mg
Ammonium propionate	3.000 mg
Silymarin	100 gr

1 L × 12

ANTIFLU-Z

BENEFITS

Newcastle Disease: Strengthens immunity and reduces risk with vaccines and immune booster.

Influenza,IB,IBD:Supports immune function and reduces viral replication with Immunomodulators and vaccines.

Egg Drop Syndrome: Helps maintain egg production through stress management and nutritional support

CRD (Chronic Respiratory Disease):Improves respiratory health with antimicrobial agents and respiratory support.

Viral hepatitis & Liver Diseases:Protects the liver with detoxifying agents,vitamins and antioxidants.

Asian Influenza:Boosts immunity and reduces viral impact through preventive measures and vaccines.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Lectin	200 gr
Oregano oil	100 gr
Betaglucan 1.3	50 gr
Glycyrrhizae	100 gr
Shikimic	100 gr
Nigella Sativa	100 gr
Eugenia Jambolana	50 gr
Algaespirulina	50 gr
L-Aspartic acid	5,2 gr
Ginger oil	25 gr
Garlic Extract	50 gr

1 L × 12

NUTRAVIT AD3E

BENEFITS

Prevents Vitamin A, D3, and E deficiencies.

Reduces stress from vaccination, transport, disease, or extreme temperatures.

Improves feed conversion, egg production, and hatchability.

Prevents osteomalacia and promotes growth.

Enhances health and maximizes profits.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Vitamin A	300.000 IU
Vitamin D3	160.000 IU
Vitamin E	500 mg
Distilled Water	qsp

1 L × 12

NUTRAVIT AD3E PLUS

BENEFITS

This formula supports respiratory health in poultry, helping to open the airways and ease breathing.

Thanks to menthol and eucalyptus,

it provides a cooling and refreshing effect during heat and stress periods, helping to reduce respiratory discomfort.

It is especially beneficial during hot weather, vaccination, and stress conditions.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Vitamin A	100.000.000 IU
Vitamin D3	2.000.000 IU
Vitamin E	20.000 mg
B.H.T.	250 mg
Propylene Glycol	20.000 mg
Sorbitol	10.000 mg
Distilled water	qsp

1 L × 12

NUTRAFRESH

BENEFITS

This formula supports respiratory health in poultry, helping to open the airways and ease breathing. Thanks to menthol and eucalyptus, it provides a cooling and refreshing effect during heat and stress periods, helping to reduce respiratory discomfort. It is especially beneficial during hot weather, vaccination, and stress conditions.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets. Keep away from agricultural chemicals and pesticides. Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Mint Extract	10.000 mg
Eucalyptus Extract	20.000 mg
L- Menthol	23.000 mg
Distilled Water	qsp

1 L × 12

LIVER ADINO FREE

BENEFITS

- Binds harmful bacteria
- Improves gut health
- Natural liver detoxifier
- Mild laxative effect
- Improves nutrient absorption
- Prevents fatty liver
- Essential for metabolic energy
- Anti-inflammatory
- Helps recovery after infections

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

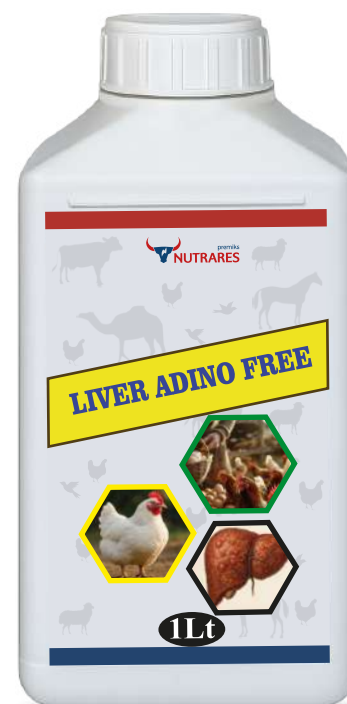

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain		
Mannan Oligosaccharite	100	gm
Beta glucan	200	gm
Saccharomyces cerevisiae	5	gm
Vitamin A	15	gm
Vitamin E	15	gm
Vitamin C	20	gm
Selenium	1	gm
Nucleotide	20	gm
Betaine	20	gm
L-Carnitine	75	gm
Choline	80	gm
Vitamin B1	1	gm
Vitamin B2	2	gm
Vitamin B3	5	gm
Vitamin B5	2	gm
Sorbitol	150	gm
Oregano Oil	20	gm
Lactobacillus cell	30	gm
Distilled water	qsp	

1 L × 12

NUTRAGARLIC

BENEFITS

Improves General Health: Promotes overall well-being in poultry.

Boosts Growth: Supports better growth rates.

Strengthens Immunity: Enhances immune system function.

Reduces Manure Odors: Helps minimize unpleasant smells in chicken manure.

Eliminates Bad Bacteria: Kills harmful bacteria in system.

Improves Egg Production: Increases egg yield and quality.

Promotes Weight Gain: Helps underweight or non-feeding chickens regain weight.

Deters parasites: Prevents and controls parasite problems.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Garlic Extract	15.000 mg
Oregano Vulgaris	3.000 mg
Magnesium Sulphate	2.500 mg
Zinc Sulphate	2.000 mg
Manganese Sulphate	500 mg
Ferrous Sulphate	1.000 mg
Distilled Water	qsp

1 L × 12

NUTRASEL

BENEFITS

Maintains Muscle Strength & Stamina: Supports poultry, livestock, and racing camels in maintaining muscle health.

Prevents White Muscle Disease: Protects sheep and goats from selenium and vitamin E deficiencies.

Prevents Heart Muscle Dystrophy: Prevents heart muscle damage in livestock, camels, and calves.

Boosts Immunity: Enhances immune response and improves antibody titer.

Improves Fertility & Hatchability: Supports reproductive health and hatchability.

Improves Muscle Tone & Leg Strength: Helps with leg weakness and overall muscle tone.

Supports Neurological Health: Aids in cases of encephalomalacia and exudative diathesis in poultry.

Prevents Crazy Chick Disease: Protects poultry from this condition.

Ideal for supporting muscle, immune, and reproductive health in various animals.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Selenium	50.000 mg
Vitamin E	200.000 mg
Distilled Water	qsp

1 L × 12

RENAL CURE

BENEFITS

Kidney–urate management: Ammonium chloride acidifies the urine, helping reduce urate precipitation and lower the risk of gout/nephrosis.

Heat stress & rehydration: Potassium chloride plus vitamin C support electrolyte balance and antioxidant defenses; water intake and vitality increase.

Immunity & recovery: Vitamin C supports recovery during periods of stress, vaccination, and disease.

Digestive/respiratory comfort: Herbal extracts (essential oils/phytochemicals) support upper-respiratory and gut hygiene and help stimulate appetite.

Liver/osmoprotective support & palatability: Sorbitol increases palatability, supports bile flow and recovery; propylene glycol provides short-term rapid energy support.

Urine acidification / stone risk: Ammonium chloride lowers urine pH (target \approx 6–6.5), supporting prevention of phosphate uroliths—especially in male small ruminants.

Transition period/energy: Propylene glycol is a glucogenic energy source; supports appetite and energy balance around calving/parturition.

Heat stress & muscle function: With potassium support, KCl helps maintain acid–base balance and water intake.

Antioxidant & liver support: Vitamin C plus sorbitol help reduce oxidative stress and hepatic load.

Appetite & rumen comfort: Herbal extracts can improve feed intake and favorably influence the rumen microbiota.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Ammonium Chloride	50.000 mg
Vitamin C	20.000 mg
Potassium Chloride	10.000 mg
Sorbitol	100.000 mg
Propylene Glycol	100.000 mg
Excipient q.s.f	QSP

1 L × 12

N- ORGACID

BENEFITS

Prevents mold in feed and increases the storage periods of them.

Also adding organic acids with drinking water can reduce pH in the stomach and intestine, provide an acidic environment and prevent the production of pathogenic microorganisms such as salmonella.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Butyric acid	4.900.000 mg
Formic acid	400.000 mg
Citric acid	50.000 mg
Lactic acid	18.000 mg
Propionic acid	100.000 mg
Acetic acid	100.000 mg
Ammonium propionate	10.000 mg
Ammonium formate	10.000 mg
Tartaric acid	10.000 mg
Copper sulphate	15.000 mg
Zinc sulphate	6.900 mg

1 L × 12

HI-TONIC

BENEFITS

- Strong immune support.
- Faster and healthier feather development.
- Better egg production and shell quality.
- Improved growth performance.
- Protection of liver health.
- Stress reduction.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

- Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.
- Keep away from agricultural chemicals and pesticides.
- Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Vitamin A	50.000.000 IU
Vitamin D3	10.000 IU
Vitamin E	10.000 mg
Biotin	500 mg
Choline chloride	50 mg
Methionine	25 mg
Lysine	50 mg
Threonine	2 mg
Tryptophan	0.25 mg

1 L × 12

N-LIVERPLUS

BENEFITS

is a metabolic enhancer and liver protector for animals.

*It helps with liver detoxification, particularly when the animal's feed is contaminated with pesticide, mycotoxins, or after long antibiotic treatments.

*The product helps reduce clinical symptoms, prevent and treat fatty liver syndrome, improve immunity, and promote animal growth.

*It is effective for all types of mycotoxins.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1ml Contain	
Sorbitol	400.000 mg
Choline Chloride	40.000 mg
Sodium chloride	100.000 mg
L-Carnitine	150.000 mg
Vitamin B1	1.000 mg
Vitamin B12	1500 mg
L-Lysine	40.000 mg
Zinc sulphate	280 mg
Copper sulphate	100 mg
Iron sulphate	3 mg
Betaine	150.000 mg
DL-Methionine	50.000 mg
Magnesium Sulphate	20.000 mg
Vitamin PP	250 mg
Inositol	200 mg

1 L × 12

ZINC PLUS

BENEFITS

Faster feather growth & better feather quality
Stronger immunity
Improved gut health and digestion
Better growth performance (broilers)
Improved eggshell quality (layers)
Stress reduction calmer flock
Better foot, skin, comb health
Liver protection + antioxidant support

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.
Keep away from agricultural chemicals and pesticides.
Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Zinc	12000 mg
Biotin	250000 mg
D-Panthenol	10000 mg
Lysine	2370 mg
DL-Methionine	3000 mg
L-Threonine	1970 mg
L-Tryptophan	495 mg
Formic acid	338 mg
Sorbic acid	2100 mg
Propionic acid	2340 mg
Propyl gallate	800 mg

1 L × 12

ANATOX

BENEFITS

- Optimizes gut pH for balanced microflora.
- Enhances digestion and nutrient absorption by supporting a healthy gastrointestinal tract.
- Boosts mineral absorption through gut acidification.
- Normalizes gut health after chemotherapy, antibiotics or stress.
- Improves overall animal production and performance.
- Strong antifungal effect with broad-spectrum activity.
- Promotes better mycotoxin absorption.
- Support high disease resistance in animals.

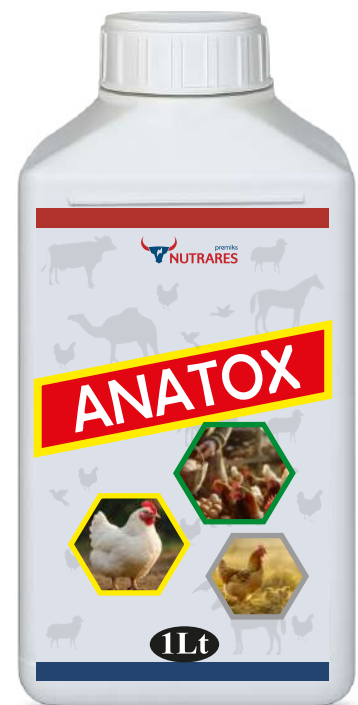

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

- Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.
- Keep away from agricultural chemicals and pesticides.
- Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Mannan Oligosaccharit	100 gr
Lactobacillus acidophilus	100 gr
Vitamin B1	5 gr
Vitamin B2	5 gr
Vitamin B3	10 gr
Black seed oil	50 gr
L-Carnitine	50 gr
Sorbitol	80 gr
DL-Methionine	30 gr
L-Arginine	30 gr
Betaine	50 gr
Carboxypeptidase Enzymes	50 gr

1 L × 12

N-CHOLIN

BENEFITS

Liver health: By increasing phosphatidylcholine/lecithin synthesis, it promotes the export of fat from the liver helps reduce the risk of fatty liver/hemorrhagic syndrome.

Growth & feed efficiency: Regulates fat and energy metabolism, supporting FCR and body weight gain.

Nervous system: It's a precursor of acetylcholine supports neuromuscular transmission and coordination.

Reproduction & egg production: Essential for yolk lipid transport and embryo development; supports hatchability and egg mass.

Skeletal health: Helps prevent perosis (slipped tendon) and leg disorders seen with deficiency.

Recovery after stress: Helps relieve hepatic load during high-energy/high-fat diets.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Choline Chloride	825.000 mg
Distilled water	qsp

1 L × 12

CALCIUM PLUS

BENEFITS

Boosts both humoral and cell-mediated immunity for stronger disease resistance

Enhances vaccine effectiveness in poultry.

Protects against infectious bronchitis caused by avian coronavirus.

Prevents respiratory diseases like CRD,air sacculitis,sinusitis,and fowl cholera ensuring healthier flocks.

USAGE

1 liter of product is used by mixing into 2,000 liters of drinking water.

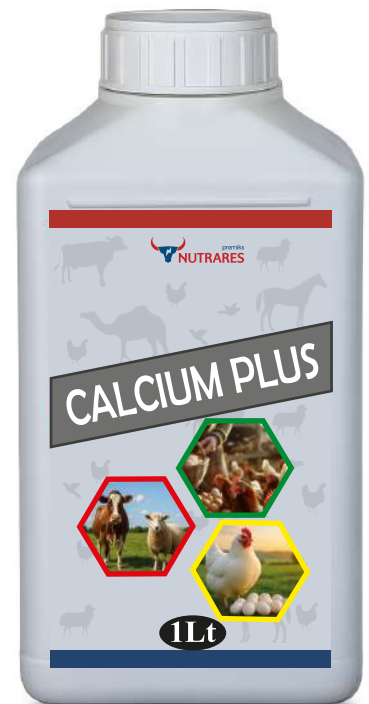

STORAGE CONDITIONS AND SHELF LIFE

Store in a cool, dry place, protected from moisture and direct sunlight, and keep on pallets.

Keep away from agricultural chemicals and pesticides.

Shelf life is 36 months from the date of manufacture.

Composition Each 1 Lt Contain	
Calcium	325.6 mg
Phosphorus	167.7mg
VitaminD3	1600 IU
Vitamin B12	B12: 20 mcg
Vitamin A	A: 9000 IU

1 L × 12
