NUTRARES

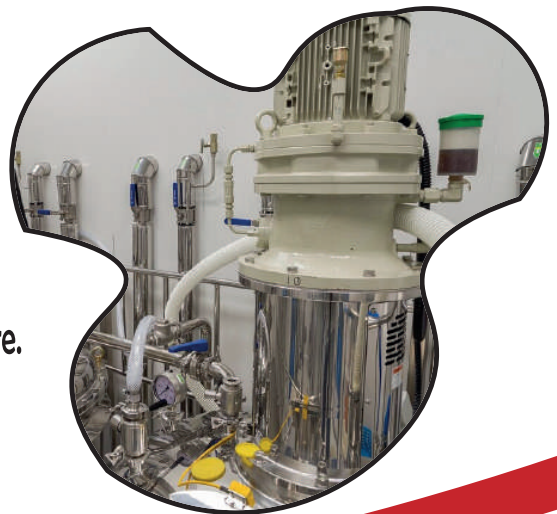

ABOUT US

At Nutrares Premiks, we are dedicated to enhancing animal health and nutrition through our premium-quality feed additives and vitamins. With years of expertise in the industry, we specialize in developing innovative solutions that promote optimal growth, well-being, and productivity in livestock. Our products are meticulously crafted to meet the highest standards of safety, efficacy, and sustainability, ensuring both the well-being of animals and the success of farms.

Driven by a commitment to quality and backed by cutting-edge research, we strive to provide farmers, feed manufacturers, and veterinarians with the tools they need to achieve healthier, more productive animals. Whether it's improving digestive health, enhancing immunity, or ensuring balanced nutrition, our solutions are designed to address the unique challenges of modern animal farming.

Partner with us for reliable, science-backed feed additives and vitamins that make a tangible difference in animal performance. Together, we can nurture the future of animal health and agriculture.

POWDER

NTR-SACCC

Benefits:

Our advanced supplement ensures ruminants—cows, heifers, calves, sheep, and goats—receive essential vitamins and minerals. It prevents nutritional deficiencies, reducing behaviors like wall-licking and soil-eating. By boosting feed efficiency and protecting against toxins, it helps maintain animal health. With regular use, live yeast, rumen regulators, and vital nutrients enhance milk production and improve carcass yield, supporting optimal farm performance.

Usage:

10 Kg – 15 Kg for 1000 Kg of Feed

Target Animals:

All Ruminants.

Compsition Each 10 Kg Contain	
Vitamin A Retinol Acetate	3.000.000 IU
Vitamin D3 Cholecalciferol	600.000 IU
Vitamin E Alpha Tocopherol Acetate	1.250 mg
Vitamin B3 Niacin	16.000 mg
Bentonite	30.000 mg
Clinoptilolite	20.000 mg
Sepiolite	10.000 mg
Iron Oxide	25.000 mg
Calcium Iodate	400 mg
Cobalt Sulphate	50 mg
Cooper Sulphate	5.000 mg
Manganese Sulphate	27.500 mg
Zinc Oxide	27.500 mg
Sodium Selenite	50 mg
Sodium Chloride	210.000 mg
Magnesium Oxide	120.000 mg
Sodium Bicarbonate	30.000 mg
Dicalcium Phosphate	12.500 mg
Dicalcium Phosphate	9.000 mg
Yeast	1×10 ¹⁰ cfu
Butylated Hydroxyanisole	1.000 mg
Calcium Carbonate	qsp

NTR-SACC PLUS

Benefits:

This vitamin and mineral mixture boosts bovine and ovine productivity by preventing yield loss. With B1, B2, and B3 vitamins, it stimulates appetite, binds toxins from moldy feed, and reduces reproductive issues. It strengthens the immune system, enhances digestion, regulates rumen microflora, and increases milk and meat yields. It also mitigates the negative effects of sudden feed changes.

Usage:

2Kg – 5Kg for 1000Kg of Feed.

Target Animals:

All Ruminants.

Composition Each 10 Kg Contain	
Vitamin A Retinol Acetate	14.000.000 IU
Vitamin D3 Cholecalciferol	2.800.000 IU
Vitamin E Alpha Tocopherol Acetate	15.000 mg
Vitamin B1 Thiamine	800 mg
Vitamin B2 Riboflavin	3.000 mg
Vitamin B3 Niacin	2.000 mg
Choline Chloride	5.000 mg
Bentonite	200.000 mg
Clinoptilolite	600.000 mg
Sepiolite	100.000 mg

SHEEP LMP

Benefits:

Premix for Sheep, Goats, Lambs, and Calves:

This premix prevents soil and wool-eating caused by vitamin and mineral deficiencies in small ruminants.

It contains ammonium chloride to prevent urinary stones and strengthens the immune system for better disease resistance. Additionally, it enhances digestion and stimulates appetite, promoting healthy growth and productivity.

Usage:

2Kg – 5Kg for 1000Kg of Feed.

Calves: 50gr per Animal / Daily

Lambs: 50gr per Animal / Daily

Target Animals:

Sheep – Goat – Calves – Lamb

Compsition Each 10 Kg Contain	
Vitamin A Retinol Acetate	14.000.000 IU
Vitamin D3 Cholecalciferol	2.800.000 IU
Vitamin E Alpha Tocopherol Acetate	15.000 mg
Vitamin B1 Thiamine	800 mg
Vitamin B2 Riboflavin	3.000 mg
Vitamin B2 Riboflavin	2.000 mg
Choline Chloride	5.000 mg
Bentonite	200.000 mg
Clinoptilolite	600.000 mg
Sepiolite	100.000 mg

RUMEN BUFFER

Benefits:

This additive prevents yield loss from sudden feed changes by accelerating digestion and relaxing the rumen. It boosts milk and carcass yields while neutralizing the effects of moldy feed with a toxin binder. It also acts as a rumen buffer, protecting against digestive issues.

Usage:

5Kg – 10Kg for 1000Kg of Feed.

Target Animals:

All Ruminants.

Composition Each 10 Kg Contain	
Sodium Bicarbonate	350.000 mg
Magnesium oxide	300.000 mg
Inactive Yeast	200.000 mg
Yeast	10×10^{10} cfu
Saccharomyces Cerevisia	qsp

NEW

NTR-YEAST BASED

Benefits:

Enhances digestion and nutrient absorption.
Boosts immune function and feed efficiency.
Stabilizes rumen pH, reducing acidosis risk.
Supplies essential nutrients.
Binds toxins and supports gut health.

Usage:

1Kg – 2Kg for 1000Kg of Feed.

Target Animals:

All Ruminants.

Compsition Each 1Kg Contain	
Yeast	140×10 ¹² cfu
Inactive Yeast	250.000 mg
Mannan	50.000 mg
Beta-Glucan	50.000 mg

N-TOX BINDER

Benefits:

This product helps prevent low productivity caused by aflatoxins and heat. It binds and expels aflatoxins from damaged, moldy silage, pulp, straw, and raw materials, as well as ammonia produced from excess protein consumption, eliminating them through feces.

Usage:

5Kg – 8Kg for 1000Kg of Feed.

Target Animals:

All Ruminants.

Composition Each 10 Kg Contain	
Bentonite	310.000 mg
Clinoptilolite	380.000 mg
Sepiolite	308.000 mg
Active Carbon	2.000 mg

25Kg

20Kg

10Kg

5Kg

NEW

N-TOX BINDER YEAST BASED

Benefits:

The product effectively binds mycotoxins like Zearalenone, Vomitoxin, Ochratoxin, T2 Toxin, and Fumonisin, preventing them from entering the intestine. This helps maintain animal performance, enhances feed utilization, accelerates growth, and protects the liver. Particularly beneficial for dairy and fattening cattle, it mitigates the negative effects of mycotoxins and promotes their excretion, especially when animals consume spoiled feed such as moldy cabbage, beet fossil, hay, and bulk feed.

Usage:

1 kg – 5 kg per 2000 kg of feed.

Dairy Cattle: 100-150 g per animal per day.

Calves and Heifers: 10-50 g per animal per day.

Sheep and Goats: 10-30 g per animal per day.

Target Animal:

All Ruminants - Poultry

Composition Each 10 Kg Contain	
Bentonite	300.000 mg
Clinoptilolite	300.000 mg
Silymarine	100.000 mg
Inactive Yeast	300.000 mg

5Kg

N-RELAX

Benefits:

Thanks to the calming herbal extracts it contains, it reduces the activity of the central nervous system, lowers awareness in the brain and reduces the jumping activity in animals. In this way, all animals only eat, rest and energy losses are reduced. Weight loss disappears and meat yield increases

Usage:

1kg per 1000 kg of feed.

Target Animal:

All Ruminants

Compsition Each 10 Kg Contain	
Sodium Bicarbonate	100.000 mg
Magnesium Oxide	200.000 mg
Clinoptilolite	250.000 mg
Sodium Chloride	200.000 mg
Inactive Yeast	100.000 mg
Herbal Extract	18.000 mg

N CAMEL

Benefits:

It prevents pica in camels caused by trace mineral deficiencies, such as wall licking and grouse nibbling. Additionally, it aids in water retention and helps regulate their temper during winter.

Usage:

1kg per 1000 kg of feed.

Target Animal:

Camels.

Compsition Each 1 Kg Contain	
Vitamin A Retinol asetate	100.000 IU
Vitamin D Cholecalciferol	30.000 IU
Vitamin E Alpha tokopheril asetate	10.000 mg
Vitamin K Menadione	280 mg
Biotin	100 mg
Calcium iodate	80 mg
Sodium Selenite	20 mg
Manganese Sulfate	30.000 mg

N HORSE

Benefits:

It provides higher efficiency by meeting the mineral and vitamin needs of Horses.

It supports their fertility. It provides shine to the hair.

It prevents diseases such as wall licking and soil eating.

It increases water retention. It strengthens the nail structure.

Usage:

500gr per 1000 kg of feed.

Target Animal:

Horses.

Compsition Each 1 Kg Contain	
Vitamin A	10.000.000 IU
Vitamin D3	3.500.000 IU
Vitamin E	4.500 mg
Vitamin K3	2.000 mg
Vitamin C	2.500 mg
Vitamin B1	300 mg
Vitamin B2	250 mg
Vitamin B3 (Niacin)	6.000 mg
Vitamin B5	280 mg
Vitamin B6	230 mg
Vitamin B7(Biotin)	125 mg
Vitamin B12	8 mg
Sulfur	25 mg
Iron	2.000 mg
Iodine	100 mg
Cobalt	55 mg
Copper	1.500 mg
Manganese	1.500 mg
Zinc	3.000 mg
Selenium	130 mg

500Gr

NUTRAPIRIN

Benefits:

It boosts the immunity of poultry while delivering high energy levels for enhanced efficiency. Additionally, it meets salt requirements, alleviates stress, and serves as a vital energy source for all animals.

Usage:

Poultry: 500gr per 1000 Lt of Water.

Ruminants: 1Kg per 1000 Kg of Feed.

Target Animal:

All Ruminants – Poultry.

Compsition Each 1 Kg Contain	
Vitamin C	200.000 mg
Caffeine	36.000 mg
Potassium Chloride	20.000 mg
Sodium Sulphate	200.000 mg
Sodium Chloride	200.000 mg
Salicylic Acid	280.000 mg
Citric Acid	5.000 mg
Lactose	qsp

1Kg

NUTRAVITA C

Benefits:

Immune Support: Enhances the immune system and helps fight infections.

Antioxidant Properties: Protects cells from free radical damage.

Collagen Production: Promotes healthy skin and wound healing.

Stress Reduction: Alleviates stress during challenging situations.

Improved Reproduction: Supports reproductive performance and fetal development.

Enhanced Iron Absorption: Aids in preventing anemia.

Bone Health: Contributes to cartilage and bone maintenance.

Increased Energy Levels: Supports metabolic processes for higher energy.

Usage:

Poultry: 500gr per 1000 Lt of Water.

Ruminants: 1Kg per 1000 Kg of Feed.

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Kg Contain	
Vitamin C (L-Ascorbic Acid)	250.000 mg
Dextrose	qsp

Composition Each 1 Kg Contain	
Vitamin C (L-Ascorbic Acid)	500.000 mg
Dextrose	qsp

Composition Each 1 Kg Contain	
Vitamin C (L-Ascorbic Acid)	999.000 mg
Dextrose	qsp

1Kg

N LIVER

Benefits:

Thanks to its choline, methionine, and lysine content, it supports liver health and aids in liver repair, enhancing hormone secretion.

It prevents ketosis and rapid weight loss, regulates digestion, prevents acidosis, and reduces the tendency to consume foreign objects.

Usage:

1Kg for 1000kg of Feed

Target Animal:

All Ruminants.

Compositon Each 1 Kg Contain	
Vitamin A Retinol asetat	6.000.000 IU
Vitamin D3 Cholecalciferol	1.000.000 IU
Vitamin E Alfa Tokoferol Asetat	1.500 mg
Vitamin B1 Tiamin	80 mg
Vitamin B2 Riboflavin	300 mg
Vitamin B3 Niacin	200 mg
Choline Chloride	5.000 mg
DL-Methionine	3.500 mg
L-Lysine	2.000 mg
Bentonite	50.000 mg
Zinc Oxide	30.000 mg
Sodium Selenite	100 mg
Sodium chloride	25.000 mg
Magnesium Oxide	15.000 mg
Sodium Bicarbonate (NaHCO ₃)	9.000 mg
Calsium (Ca)	25.000 mg
Dicalcium Phosphate	18.000 mg
Butylated Hydroxyanisola	1.000 mg
Calcium Carbonate (CaCO ₃)	qsp

1Kg

IMMUN-N

Benefits:

It enhances immune regulation in poultry, fortifying the immune system to prevent disease entry and support recovery from ailments. It specifically targets coccidiosis and its causative agents, regulates the digestive system, and promotes increased appetite.

Usage:

1Kg for 1000kg of Feed

Target Animal:

All Ruminants – Poultry.

Compsition Each 1 Kg Contain	
Vitamin C	100.000 mg
Vitamin B6	4.000 mg
Vitamin B9	2500 mg
Magnesium Sulphate	100.000 mg
Potassium Sulphate	50.000 mg
Sodium Bicarbonate	200.000 mg
Inactive Yeast	40.000 mg
Slymarine	10.000 mg
Thyme Extract	6.000 mg
Calcium Propionate	50.000 mg
Dextrose	qsp

1Kg

NG CARE

Benefits:

Gumboro disease, caused by the Infectious Bursal Disease Virus (IBDV), poses a significant threat to poultry, particularly young birds. To combat this disease and promote overall health, a specialized nutritional mix containing essential ingredients has been developed. which is designed to support poultry health and enhance immunity.

Usage:

1Kg for 1000kg of Feed or Drinking Water.

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Kg Contain	
Ammonium Chloride	700.000 mg
Vitamin A	3.000 IU
Vitamin C	120.000 mg
Vitamin K3	300 mg
DL-Methionine	110.000 mg
Dextrose up to	qsp

1Kg

NK3

Benefits:

- Prevents Anemia: Supports blood clotting and prevents anemia after hemorrhage.
- Reduces Blood Spots: Minimizes blood spots in eggs and blood in urine.
- Prevents Infections: Enhances immunity against coccidiosis and Gumboro disease.
- Maintains Red Blood Cells: Ensures normal red blood cell levels and hemoglobin.
- Supports Medications: Aids recovery during sulfa and antibiotic treatments.
- Reduces Bleeding: Minimizes bleeding after beak trimming.

Usage:

100g for 1000 lt of Drinking Water.

Target Animal:

All Ruminants – Poultry.

Compostion Each 1 Gr Contain	
Vitamin K3(Menadione Sodium Bisulphite)	125 mg
Vitamin B12	20 mg
Folic Acid	400 mg
Excipients	qsp

100Gr

NEW

MASS PRO

Benefits:

- Supports Growth and Development
- Enhances Immune Function
- Improves Digestive Health
- Promotes Stress Resistance
- Enhances Reproductive Performance
- Improves Coat and Skin Health
- Regulates Metabolism
- Supports Bone Health

Usage:

10 Kg for 1000 Kg of Feed .

Target Animal:

All Ruminants.

Composition Each 1 Kg Contain	
Vitamin A	200.000 IU
Vitamin D3	40.000 IU
Vitamin E	2.000 mg
Vitamin B1	300 mg
Vitamin B2	345 mg
Vitamin B3	3.000 mg
Vitamin B6	130mg
Vitamin B9	120mg
Vitamin B12	26mg
Bentonite	50.000mg
Sodium Bicarbonate	250.000 mg
Saccharomyces Cerevisiae	50x10 ¹⁰
Calcium Carbonate	qsp

10Kg

The image features a central white area with a blue background at the top and bottom. Two thick, wavy red ribbons curve across the white space. The word "LIQUID" is written in large, blue, outlined letters with a slight 3D effect. In the background, there are faint, light gray silhouettes of various farm animals, including cows, goats, and chickens.

LIQUID

NUTRAFRESH

Benefits:

Antibacterial and Antiviral Effects:

Exhibits antibacterial and antiviral properties, effectively combating disease agents in poultry.

Expectorant Action:

Helps break up mucus and clear blocked sinuses in all animals, promoting respiratory health.

Preventative for Respiratory Infections:

Recommended as a preventative measure against respiratory tract infections, supporting overall respiratory function.

Usage:

1 Lt for 1000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
Mint Extract	10.000 mg
Eucalyptus Extract	20.000 mg
Oregano Extract	2.000 mg
L- Menthol	23.000 mg
Lime Extract	2.000 mg
Herbal Extract up to	1%

NUTRALIVER

Benefits:

Liver Protection and Support: Safeguards and strengthens liver function.

Prevents Weight Loss: Helps prevent rapid weight loss in animals.

Maintains High Performance: Ensures consistent high-efficiency performance.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
D-Sorbitol	300.000 mg
Sodium chloride	105.000 mg
Potassium Sulphate	9.000 mg
Choline Chloride	25.000 mg
DL-Methionine	5.000 mg
Magnesium Sulphate	25.000 mg
Carnitine	20.000 mg
Vitamin B3	5.000 mg
Vitamin B2	1.000 mg
Distilled Water	qsp

MILKY-N

Benefits:

Increases Milk Production: Boosts daily milk yield.

Improves Milk Quality: Enhances both milk fat content and overall milk quality.

Facilitates Digestion: Promotes rumen relaxation and better digestion.

Supports Liver Health: Amino acids aid in liver support and regeneration.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants.

Composition Each 1 Lt Contain	
Vitamin A Retinol Acetate	500.000 IU
Vitamin D3 Cholecalciferol	20.000 IU
Vitamin E Alpha Tocopherol Acetate	500 mg
Vitamin B1 Thiamine	80 mg
Vitamin B2 Riboflavin	300 mg
Vitamin B3 Niacin	200 mg
BYPASS FAT	1.000 mg
CHOLINE Choline Chloride	500 mg
METHIONINE L-Methionine	2.000 mg
LYSINE L-Lysine	6.000 mg
IRON Iron Oxide	5.000 mg
IODINE Calcium Iodate	80 mg
COBALT Cobalt Sulphate	10 mg
COOPER Cooper Sulphate	1.000 mg
MANGANESE Manganese Sulphate	5.000 mg
ZINC Zinc Oxide	5.000 mg
SELENIUM Sodium Selenite	10 mg
SODIUM Sodium Chloride	20.000 mg
MAGNESIUM	20.000 mg
SODA Sodium Bicarbonate	9.000 mg
CALCIUM Dicalcium Phosphate	5.000 mg
PHOSPHORUS Dicalcium Phosphate	3.000 mg
YEAST Saccharomyces cerevisia	1,5×10 ⁹
BHA Butylated Hydroxyanisole H2O	100 mg
DISTILLED WATER	qsp

NUTRAMULT-VIT

Benefits:

For Ruminants and Poultry: Suitable for both groups.

Increases Egg Productivity: Improves egg production and shell quality.

Stimulates Appetite: Enhances appetite in animals.

Boosts Meat and Milk Yield: Increases both meat and milk production.

Energy Source: Provides essential energy.

Reduces Infection Risk: Lowers the risk of infection and disease.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1ml Contain	
Vitamin A (Retinol Palmitate)	10.000 IU
Vitamin D3 (Cholecalciferol)	3.000 IU
Vitamin E (Alpha-Tocopherol-acetate)	30 mg
Vitamin B1 (Thiamine)	3 mg
Vitamin B2 (Riboflavine)	6 mg
Vitamin B6 (pyridoxine hydrochloride)	4 mg
Vitamin B12(cyanocobalamin)	30 mg
Vitamin C (ascorbic acid)	20 mg
Vitamin K3 (menadione)	2 mg
D-panthenol	10 mg
Nicotinamide	40 mg
Biotin	150 mg
Folic acid	1 mg
Choline chloride	25 mg
Alanine	1.44 mg
Arginine	1.8 mg
Aspartic acid	3.78 mg
Cystine	0.06 mg
Glutamic acid	5.94 mg
Glycine	11.26 mg
Histidine	0.72 mg
Iso-leucine	0.9 mg
Leucine	1.98 mg
Lycine	11.62 mg
Methionine	10.36 mg
Phenylalanine	1.26 mg
Proline	1.62 mg
Serine	1.44 mg
Threonine	0.9 mg
Tryptophane	0.08 mg
Tyrosine	0.72 mg
Valine	0.9 mg

ELECTRO-N

Benefits:

- Maintains Water Balance: Supports proper hydration in the body.
- Balances Blood pH: Helps regulate the blood's pH level.
- Supports Nervous System: Regulates the central nervous system.
- Prevents Fatigue: Reduces fatigue after diarrhea.
- Restores Lost Fluids: Aids in the recovery of fluids lost from the body.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
Sodium Chloride	2.250 mg
Sodium Bicarbonate	1.500 mg
Dextrose	500 mg
Magnesium	1.000 mg
Distilled water	qsp

5 Lt

N-MINERAL

Benefits:

For Ruminants and Poultry: Suitable for both animal groups.

Meets Mineral Needs: Ensures adequate intake of essential minerals.

Increases Appetite: Promotes better appetite in animals.

Prevents Abnormal Behaviors: Helps prevent behaviors like eating foreign objects and licking metal.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
Iron Sulphate	20.000 mg
Zinc Sulphate	20.000 mg
Calcium D C P	5.000 mg
Phosphorus D C P	18.000 mg
Cooper Sulphate	5.000 mg
managanese Sulphate	10.000 mg
Distilled Water	qsp

PROBIO-N

Benefits:

For Ruminants and Poultry: Suitable for both groups.

Strengthens Immune System: Enhances immunity and disease resistance.

Improves Digestion: Accelerates digestion and regulates the digestive system.

Stimulates Appetite: Encourages better appetite in animals.

Boosts Energy: Provides a significant energy boost.

Usage:

1 Lt for 2000 Lt of Warm Water .

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
Vitamin A (Retinol Palmitate)	1.000.000 IU
Vitamin D3 (Cholecalciferol)	300.000 IU
Vitamin E (Alpha-Tocopherol-acetate)	2.000 mg
Vitamin B1 (Thiamine)	100 mg
Vitamin B2 (Riboflavine)	300 mg
Vitamin B3 (Niacin)	200 mg
Elactobasilus Casei	1x10 ⁶ cfu
Lactobacillus Rhamnosus	1,2x10 ⁶ cfu
Lactobacillus plantarum	1,1x10 ⁶ cfu
Bifidobacterium animails	1,5x10 ⁶ cfu
Saccharomyeces cerevisia	1,5x10 ⁶ cfu
BHA Butylated Hydroxyanisole	qsp

OMEGA-N

Benefits:

Improves Coat and Skin Health.
Boosts Immune System.
Enhances Reproductive Health.
Promotes Weight Gain.
Reduces Inflammation.
Supports Heart Health.
Improves Milk Quality.

Usage:

1 ltr for 1000 Kg of Feed (preferred)
or 10 cc for 100 Kg/Animal.

Target Animal:

All Ruminants.

Composition Each 1 Lt Contain	
Omega 3,6 oils	500.000 mg
Fish Oil	qsp

N-PROGLY

Benefits:

Energy Source: Provides readily available energy.

Prevents Ketosis: Reduces the risk of ketosis in dairy cows.

Supports Metabolism: Aids metabolic regulation.

Enhances Feed Efficiency: Improves feed utilization.

Reduces Fatty Liver Risk: Supports liver function.

Boosts Performance: Enhances milk production and overall performance.

Usage:

Poultry (Chickens, Turkeys, etc.) 5-10 mL per bird per day can be mixed with feed or water.

Dairy Cattle: 300-500 mL per animal per day.

Beef Cattle: 250-500 mL per animal per day.

Sheep and Goats: 50-100 mL per animal per day.

Given Orally

Target Animal:

All Ruminants – Poultry.

1 Lt

5 Lt

N-MOLASSES

Benefits:

Energy Source: Provides a highly digestible energy boost.

Palatability Enhancer: Improves feed taste, encouraging intake.

Nutrient Supplement: Contains essential vitamins and minerals.

Digestive Aid: Promotes healthy gut bacteria growth.

Supports Weight Gain: Aids in growth for young animals.

Stress Reduction: Helps reduce stress during transport.

Cost-Effective Additive: Enhances feed efficiency economically.

Usage:

2 Kg for 1000 ltr of Water

or 2 Kg for 1000 Kg of Feed

or 10 gr for 100 Kg/ Animal (Oral)

Target Animal:

All Ruminants – Poultry.

Composition Each 1 Lt Contain	
Vitamin A	100 IU
Molasses (Sugar beetroot)	qsp
